

A warm, golden-toned photograph of a woman with long hair tied back, smiling and holding a young child. The child is resting their head on the woman's shoulder. The background is a soft, out-of-focus green and yellow, suggesting an outdoor setting with sunlight. The overall mood is intimate and affectionate.

COLLECTION

La collection GBS 1948 nous invite à une histoire dans le temps, l’histoire de l’entreprise ZAGAS.

Hommage donc au père fondateur de cette entreprise qui la créa en 1948 de ses propres mains.

C’est cela GBS 1948, cette patine vieillie que vous allez retrouver au travers toute la transparence du chêne, une collection 100% chêne massif. Avec ses meubles de métier emprunts d’histoire, tout d’abord le comptoir de mercerie ou boutons, aiguilles s’entremêlent dans les tiroirs...

La vitrine de couturière qui nous rappellera l’envie d’exposer nos plus beaux objets personnels et la table de drapier dans 2 dimensions avec ce métal alliant histoire et modernité. Les ensembles se bousculent, les possibilités sont multiples, le bas de vitrine devient en un clin d’œil un support pour votre envie de cinéma...

Le mélange des matières, parfaitement équilibré nous fait penser que nos racines sont bien là...

GBS 1948 pourra venir toucher une clientèle bobo en recherche de réassurance et à la fois d’originalité, une envie et une fierté de montrer son intérieur, car la « théâtralisation » en magasin est une nécessité pour mieux capter cette clientèle, gare à ceux qui ne l’auront pas compris, la sentence sera terrible.

Une profondeur de gamme intéressante, des laques et des teintes très chaleureuses, de multiples ambiances possibles...

Une collection de fil en aiguille...

The GBS 1948 Collection tells us a story of time, the story of Zagas company.

It’s a tribute to the company’s founder, Gonzaga Barros da Silva, who created it in 1948, with his own hands, by the age of 14.

GBS 1948 stands for that evolution, with an aged patina finish that you will find across the full transparency of the 100% solid oak. Its business furniture has plenty of history, namely, the credenza that was used to store groceries, buttons, needles, ...

The display cabinet lures us to display our beautiful personal objects and the metal legs table, used to cut cloth in 2 dimensions, combines history and modernity. The sets scramble, the possibilities are endless, the lower part of the display cabinet remind you of a support for movie making ...

The mixture of materials, perfectly balanced makes us think that our roots are well defined...

GBS 1948 will reach out to a bohemian crowd in search of reassurance and at the same time originality, a desire and pride to show its interior, as the “dramatization” in store is a necessity to better capture this clientele.

A range of interesting depth, very warm colors and lacquers, that can create multiple possible atmospheres...

A needle and thread collection...
